

Newsletter #6 2016

## THE INTERNATIONAL EPD® SYSTEM

### Possibility to express interest in PCR product categories

Last year, nine PCRs were published in the International EPD® System and many more were updated. PCRs are developed in an open and participatory way, and stakeholder input is important.

## Frequently Asked Questions (FAQ)

- How do I leave feedback or complaints on an EPD, PCR or other document?

- What possibilities are there to make an "EPD tool" to create EPDs in a more cost-efficient way?

*The International EPD® System is a programme for voluntary and transparent communication of the life cycle environmental impact of goods and services. With more than 15 years of experience, and a library consisting of certified environmental product declarations from 32 countries, EPD® serves as a credible choice for B2B and B2C communication based on ISO 14025 and other international standards.*

*The programme operator of the International EPD® System is EPD International AB, registered in Sweden. EPD International is a subsidiary to IVL Swedish Environmental Research Institute.*
